

SupraShine®

All-natural Toothpaste That Contains No Fluoride

There's no question that good dental hygiene is good for the long-term health and appearance of your teeth and gums. Sisel makes dental care less of a chore by providing safe, effective products that are easy to use and pleasing to the taste. With its powerhouse of ingredients, known for their oral health benefits, Sisel's **SupraShine®** toothpaste is unlike any other. **SupraShine** is 100% fluoride free! While this chemical is often put in toothpaste to fight cavities and improve oral health, too much fluoride may discolor, and even be damaging to teeth. Sisel is committed to providing only the safest, most effective products, which is why our Toothpaste stands out above the rest.

One of the key ingredients in **SupraShine** is Stabilized Chlorine Dioxide. This ingredient not only eliminates mouth odor but is also aggressive towards troublesome debris. While tough on plaque, Stabilized Chlorine Dioxide is gentle on delicate mouth tissue making it a perfect component in **SupraShine** toothpaste.

SupraShine's cleaning and protective support is enhanced by xylitol, a natural sweetener that will not feed the bacteria that cause tooth decay. It also contains the essential oil of peppermint, which lends a fresh, minty flavor. You will love the smooth, cool feel of your mouth and teeth after brushing with Sisel Toothpaste.

Smile with confidence with Sisel's incredible SupraShine dental products. Make Sisel Toothpaste part of your dental routine today and you will discover a new reason to smile.

*Your Smile is
Priceless! Don't
trust your teeth
to just any
toothpaste.*

SupraShine®

Tooth Paste

113 g/4 fl oz

FEATURES & BENEFITS

- Highly effective, yet 100% fluoride free
- Contains chlorine dioxide. This ingredient not only eliminates mouth odor but is also aggressive towards troublesome debris. While tough on plaque, stabilized chlorine dioxide is gentle on delicate mouth tissue
- Hydrated Silica. This important ingredient helps keep teeth bright by mechanically removing stain films from our teeth
- No dangerous chemicals or harmful additives like those found in most commercial toothpastes, such as Fluoride or Sodium Lauryl/Laureth Sulfate

DIRECTIONS

Use a pea-sized amount of SupraShine toothpaste applied to your brush. Then vigorously brush teeth daily after meals. Completely safe for children, but may require adult supervision at first.

INGREDIENTS

Aqua, Sorbitol, Hydrated Silica, Glycerin, Zinc Citrate, Stabilized Chlorine Dioxide (Sodium Chlorite Solution), Peppermint Flavor, Cocamidopropyl Betaine, Xylitol, Cellulose Gum, Titanium Dioxide (CI:77891), Hydrolyzed Casein, Silica, Camellia Sinensis Leaf Powder.
