

Actify 6000™

Face, Neck & Hand Cream

Actify 6000™ is a phenomenal moisturizing cream, with revolutionary ingredients that link up within the skin's own replenishing structures and may deliver up to 6000 times the moisture! It features powerful antioxidants that protect against sunlight and help keep the face free from environmental stress.

Every day your face is subjected to environmental stress that can damage and dry out your skin. The skin, in its own defense, contains amino acids and other building blocks that are responsible for keeping the skin moist and supple. Collectively these compounds are called the Natural Moisturizing Factor (NMF), and their function is to attract, absorb, and retain water.¹ Our formulators, wanting to create a truly phenomenal moisturizing cream, set out to find ingredients that would support or function much the same as the skin's NMF. After much research, they were successful in finding the most hydrating and nourishing constituents that enhance (Salicornia herbacea extract, hydrolyzed wheat protein) or behave like the NMF (sodium PCA, hyaluronic acid, and Ceramide III).

In combination with the many conditioning and protecting ingredients, our formulators added sun-protection skin support ingredients that safeguard your face.* These ingredients, octocrylene and ethylhexyl salicylate, defend against the harm sunlight may cause even before it can penetrate the skin, giving the face an added boost against the harmful effects of the sun.

- **Salicornia herbacea extract** is a protein harvested from sea plants, that supports the NMF & increases water content by 6,000%.²

- **Hydrolyzed wheat protein** enhances both the moisture-balance and film-forming properties of your face to keep it smoother and softer for an all over radiance.³

- **Sodium PCA** is a humectant that occurs naturally in the skin. In addition to its non-irritating properties, it also features an optimum delivery of essential amino acids.⁴

- **Hyaluronic acid** minimizes the appearance of fine lines and wrinkles by restoring elasticity and plumping of the skin tissue producing a soft, smooth, silky feel of your face.⁵

- **Ceramide III** works by reinforcing the natural lipid barrier with fatty acids that protect the skin from external influences and moisture loss.⁶

- **Ergothioneine** is a broad spectrum, potent antioxidant, and one that is particularly preferred for the skin.⁷ It supports the increase of fatty acids in the mitochondria, which in turn boosts oxygen efficiency and energy levels in the cell.⁸

- **Vitamin E** protects cell membranes and other fat-soluble body cells, scavenging and neutralizing free radicals. It also diminishes the effects of environmental pollutants.

- **Resveratrol** is an incredibly powerful skin antioxidant that has been analyzed the past few years for its unique anti-aging properties. With the concerns regarding photoaging—the premature wrinkling of the skin caused by sun overexposure—finding ingredients that truly aid in the solution has become a priority. Resveratrol protects against environmental stresses, and it soothes, revitalizes, and calms the delicate skin on the face, throat, and hands.

Actify 6000™

Face, Neck & Hand Cream

60 mL/2 fl oz

FEATURES AND BENEFITS

- Moisturizes and conditions your face.
- Contains powerful antioxidants.
- Delivers up to 6000 times the moisture.
- Helps protect from the effects of the Sun.
- Helps safeguard the face from environmental stress.
- Leaves skin looking and feeling soft, smooth and supple.

DIRECTIONS

Apply twice a day on clean face and neck and gently massage into the skin. Use before make-up.

CAUTION

For external use only. Avoid contact with eyes. Do not apply to cracked or broken skin. Discontinue use if rash or redness occurs. Keep out of the reach of children.

INGREDIENTS

Aqua, Octocrylene, Pentaerythrityl Distearate, Butylene Glycol, Glyceryl Stearate, Ethylhexyl Stearate Ethylhexyl Salicylate, Dimethicone, Butyrospermum Parkii (Shea Butter), Caprylic/Capric Triglyceride, Cetearyl Alcohol, Sodium Stearoyl Lactylate, Tocopheryl Acetate, Sodium Polyacrylate, Fragrance, Phenoxyethanol, Benzyl PCA, Hydrolyzed Glycosaminoglycans, Resveratrol, Xanthan Gum, Ceramide 3, Sodium PCA, Salicornia Herbacea Extract, Vitex Agnus Castus Extract, Ergothioneine, Hydrolyzed Hyaluronic Acid, Citric Acid, Cassia Alata Leaf Extract, Maltodextrin, Lecithin, Sodium Benzoate, Cyclodextrin.
