A Lifelong Commitment to Building Safe Products

Protect Your Family and Our Planet. Live a Better, Healthier Life With Sisel.

Did you know that significant health hazards can be found in your own home, in the products you use every day?

Over four decades ago Tom Mower, Sr. came to a shocking realization: He found that many of the same harsh chemicals used to manufacture industrial strength cleaners and detergents were also used to produce common household personal care items. These chemicals were reported to pose health risks when they came into contact with skin. Tom wondered, “Why would products meant for the human body contain so many dangerous chemicals?”

Tom was determined to spread the word and find alternatives to these potentially harmful ingredients. So began his quest to reshape the health and wellness community with safety and science at the forefront, and thus the **Mower Mission** was born.

Sisel never uses harmful ingredients in any product. In fact, Sisel maintains the stringent safety standards that demand the highest levels of ingredient integrity. Sisel always gives you products made from safe, effective, non-toxic ingredients to keep your family safe, healthy, and happy.

Sisel follows the same criteria for every formula: remove the bad and replace it with the great, so you can use every Sisel product with peace of mind. Sisel products are packaged in BPA and phthalates-free containers.

This level of control is all possible because Sisel manufactures, packages, and ships an array of products in-house. All raw ingredients are stored and mixed under the most rigorous of manufacturing standards. Even the water is purified on the premises, passing through an advanced treatment plant before being utilized in any of Sisel’s products. Sisel does all of this so that when you see a product with the Sisel Safe seal, you’ll know it’s safe and effective. **Sisel Safe isn’t just a slogan—it’s a promise.**

Why Sisel?

Sisel was established as a visionary enterprise of product development, manufacturing, and distribution that ensures the Mower Mission spreads and flourishes around the world. Sisel stands for Science, Innovation, Success, Energy, and Longevity. Sisel holds true to the mission of creating health, wealth, and happiness for business builders and customers around the world.

Experienced Management

Sisel was founded and is led by industry leaders with over a century of combined experience in effective marketing strategies, powerful recruiting programs, crucial success training, innovative product development, and billions of dollars in sales. The founders, Tom Mower, Sr. and Tom Mower, Jr. have been two of the most iconic figures in health and wellness for over 30 years.

Safe, Effective Products

With unique product lines containing more than 50 different products, Sisel supports wellness in all aspects of everyday life, from healthier nutritional supplements to safer home cleaning.

World Class Production

Sisel manufactures all of its products in a highly-advanced, 300,000 plus square foot facility. Here, Sisel is able to oversee the production process, from the quality of the natural ingredients, to the final bottling and packaging. In this incredibly sophisticated plant, Sisel uses recyclable materials and non-toxic ingredients, allowing it to keep its promise to produce only Sisel Safe® products that are reliably safe, effective, and good for the planet.

(180 ct Capsules)

Stem-O-Lytic™

Stem-O-lytic is a broad spectrum blend of eight powerful, natural senolytic compounds that not only encourage selective apoptosis but also assist the immune system in clearing out toxic cells to allow for the production of new stem cells, thus increasing longevity and youthfulness and delaying the effects of aging.*

F139755-10-01
(30 ct Capsules)

TSX™

As we get older, our telomeres shorten, reducing their ability to effectively protect our DNA, often leading to muscular and organ decay and decreased energy. TSX helps fight against these effects by offering nutritional support to telomeres, supporting natural cellular processes for healthy DNA replication, encouraging telomere efficiency, and contributing to better cellular health.*

The health and happiness of your family is your top priority. You care about the food they eat, the air they breathe, and the environment they live in. But did you know that some of the threats to their health could be in your own home, found in the very products that you use every day? The sad truth is, dozens of personal care products that may be inside your home right now could seriously harm a member of your family. Potentially harmful or toxic chemicals like parabens, sulfates, fluoride, formaldehyde, and more have often been found in numerous common personal care products.

Sisel recognizes that hidden threats exist in common household items used every day. Sisel works to eliminate these threats by producing only safe and effective products. We research and formulate products that not only save you time and money, but are manufactured without potentially toxic chemicals and are packaged with recyclable materials. This is our Sisel Safe philosophy, so when you see a product with the Sisel Safe stamp, you can rest assured that no potentially dangerous chemicals or toxins were used in its production.

Live a cleaner, safer life with Sisel.

F016003-10-01
(113 g/4 OZ.)

Your home should be your haven. However, on a microbial level, your home could actually be a battleground for toxins, even in some of the common cleaning products you trust. Harsh ingredients like ammonia, bleach, lye, and others effectively kill unwanted organic material, but may also present serious harm to your family's wellbeing, especially that of children and pets.

Sisel recognizes that toxins are everywhere, especially where you might least expect them. Harsh chemicals can harm not only humans but the environment, as well. Therefore, Sisel ardently stands by the Sisel Safe philosophy to only formulate products that are both effective cleaners and simultaneously safe for your family and the planet. Sisel products are manufactured to ease your mind and wallet, and always include only non-toxic ingredients.

Sisel Beauty encompasses a range of products, all made to comply with our Sisel Safe standards.

When you choose Sisel Beauty, you're making a decision that not only affects the way you look and feel, but also helps to protect our environment. Sisel's goal is to make cosmetic and skin care products that are never tested on animals and are 100% toxin-free. Years were spent formulating products that turn back the clock on the appearance of aging, all done without the harmful effects of hazardous ingredients like parabens, propylene glycol, and sulfates.

Sisel Beauty has revolutionized skin care, allowing you to look and feel your best.

Join the Sisel family

Sisel is dedicated to providing health, wealth, and happiness to its business partners and customers.

Sisel strives to combine the best in holistic wisdom and cutting-edge scientific research to offer the most robust products available anywhere in the world.

However, we don't just want you to buy our products. Sisel also offers a great opportunity for you to earn additional income by selling products and receiving commissions. Many Sisel Distributors have changed their lives in extraordinary ways by taking advantage of Sisel's business opportunity and sharing the value of a healthier life with others.

When you decide to make the commitment to become part of the Sisel family, you'll not only be provided with a rich compensation plan but you'll also receive the tools you need to succeed, including:

Sisel Monthly Call

As a Distributor, you will have access to listen to and participate in the Sisel Leadership Call. This call is held on the first Monday of the month, which includes training, updates, and product event information.

Sisel App

Build your business on the go. Now you can instantly share preloaded content and personalized video testimonials with your contacts. You can also view your marketing analytics in real-time, and track the progress of your prospects.

Sisel Website and Office

By becoming a Sisel Distributor, you'll get your own personalized website to help you share Sisel's amazing products and opportunity. Sisel Office offers Distributors an efficient and comprehensive place to track their business, order products, and see real-time sales figures and statistics.

Product Catalog

The catalog you are reading is ideal for sharing with new contacts, prospects, and future Distributors.

Sisel Business Building Tools

You will have complete access to Sisel's wide array of business-building tools, including brochures, postcards, flyers, product sheets, sample sharing cards, and more. You'll never lack the tools to help grow your business.

SiselSalesTools.com

Our online store, **SiselSalesTools.com** is designed to help you build your business and live the brand. Make your meetings look more professional with Sisel banners, branded tablecloths, runners, and bags. You'll also be able to order custom printed Sisel materials like business cards, labels, and window decals. Get decked out in Sisel swag with hats, t-shirts, tank tops, workout clothes, hoodies, leggings and more. Make your trips to the gym, a work lunch, the golf course, or even the grocery store an opportunity for people to ask you, "Hey, what's Sisel?"

Social Media

Sisel's Social Media platforms are packed with useful information about products, tips, sales training, and more.

Now is the right time to start your own successful Sisel business.

Working for yourself is not only rewarding, it's actually fun!

Becoming part of the Sisel family can be both financially gratifying and enjoyable. Sisel realizes the value of happiness and works to provide activities, rewards, and events that help make working for yourself feel less like work. Sisel sponsors motivational events, including Leadership Events, World Conventions, and Summits to educate, encourage, and boost team spirit.

Sisel has also put together amazing retreats in exotic locales such as the Cancun Mini-Convention and the Caribbean Leadership Cruise. In addition to these major events, Sisel offers interactive webinars, regional events, videos, and social media campaigns that promote unique and creative ways to share your business. And of course, Sisel's recognition campaigns announce our Distributors' successes to the world, because everyone deserves a pat on the back for a job well done.

"Success is not measured by what you achieve individually, but by what you help those around you achieve collectively."
