

VitalVision™

Eye Health Support Supplement

Vital Vision™ contains a powerhouse of high-tech ingredients extracted from botanicals and antioxidants to support healthy eyes for keen vision, radiantly colored pigmentation, sparkle, and vitality you may have never thought possible.

Free radical damage and excessive UV light can wreak havoc with your eyesight. Vital Vision is filled with the botanicals and antioxidants known to support eye health. The carotenoids lutein, zeaxanthin and astaxanthin have been shown to absorb harmful light and act as antioxidants to protect from free radical damage. This amazing formula contains even more antioxidants with the vitamins beta carotene (pro-vitamin A), vitamin C and E. Zinc is added because it is an important co-factor for antioxidant enzymes. These powerhouse ingredients will support and protect your precious eyesight.*
