Beards are as popular now as they have ever been. So, taking care of your beard and the skin that's underneath it is as important as ever. M-Brothers Beard & Skin Oil is an advanced blend of rich, yet lightweight oils, powerful antioxidants, and beneficial nutrients and fatty acids that provides intensive moisture and essential facial maintenance to nurture your beard while moisturizing your skin.

Facial hair can deprive the skin of light and hydration, causing rashes, itchiness, and flaky skin—also called beard dandruff. The hydrating oils in M-Brothers Beard & Skin oil function as powerful emollients, supplying moisture to the skin and protecting against moisture loss, while combatting itchy, flaky skin. Your beard will look and feel softer and smoother than ever before, and your skin will look and feel nourished and healthy.

**FOR BEARD AND FACIAL HAIR:** This enhanced beard oil is ideal as a leave-on conditioner and grooming aid for facial hair, providing a silky-smooth finish for your beard, mustache, or goatee. Natural fragrance remains on the beard after application to prevent odor and maintain a masculine scent. And natural oils stop itchiness in its tracks and combat dry flaky skin (beard dandruff).

**FOR SHAVING:** This multi-tasking oil provides exceptional conditioning and soothing benefits when used as a pre-shave preparation, a stand-alone shaving oil, or as an aftershave application.

**FOR SKIN:** This concentrated yet lightweight formula penetrates deeply to soothe skin and help relieve dryness and irritation. Conditioning extracts, butters, and vitamins provide anti-aging and firming benefits while powerful oils help defend skin from external aggressors, soothe redness and restore suppleness.

**FOR HAIR:** This nourishing treatment is versatile enough to be used for conditioning, styling, and finishing. A blend of hair-loving oils, including Argan Oil, Jojoba Oil, and Grape Seed Oil, smooths hair, improves shine, and reduces frizz.
