

SupraDetox™

Natural Detox Formula

SupraDetox™ helps support healthy tissue linings throughout the entire gastrointestinal tract. It also aids in the removal of mucoid plaque and excess fecal matter. Your digestive system will be able to operate on peak levels and digest food with more efficiency.

There are many toxins that we encounter every day. They are found in beauty products, pre-packaged foods and even in the air we breathe. Over time, these toxins build up in our body, robbing it of nutrition. That's why SupraDetox is so important to your well being.

This self-regulated formula uses natural, herbal ingredients that are scientifically designed to detoxify your body, removing impurities from your liver and gastrointestinal tract. It also helps support healthy tissue linings throughout the entire GI tract and the removal of mucoid plaque and fecal matter from the colon.

Help support your body's ability to rid itself of the impurities that can hinder a healthy lifestyle. Add **SupraDetox** to your diet and feel how good it is to have less toxins in your body. As you age, you will only appreciate SupraDetox's benefits more.

- Enhances your body's nutritional supply

DIRECTIONS

For best results, use 8-16 oz. of only water when taking capsules.

Take 1 capsule in the evening of the first day.

Take 2 capsules in the evening of the second day.

Take 1 capsule in the morning of the third day.

Take 2 capsules in the evening of the third day.

Take 2 capsules in the morning of the fourth day.

Take 2 capsules in the evening of the fourth day.

This product must be self-regulated. Increase or decrease, by one capsule until you are having 3-4 bowel movements a day.

CAUTION

Like all Sisel products, it is imperative to follow the directions. Too much of these powerful ingredients may lead to stomach pain, nausea and vomiting. Consult your doctor if you notice a sudden change in bowel habits that persist over 2 weeks. Stop use immediately and consult your doctor if you notice rectal bleeding or if you have no bowel movement after use of recommended dosage.

Do not exceed the recommended dosages and do not use if the tamper-evident seal is damaged or broken. Keep out of the reach of children. Do not use if pregnant, nursing or if planning to become pregnant. In case of overdose, get medical help immediately. See a doctor if frequent diarrhea, loose stools or if stomach pain develops. You should also consult with your doctor if you are already taking medicine for a known medical condition.
