

# SupraSet™ Hair Gel

Nutrient-rich, healthy hairstyling done right

Many hair gel formulations on the market today contain harsh, harmful ingredients that can be drying and damaging for hair and scalp. Others leave hair feeling crunchy or sticky, weigh hair down with a heavy feel, or leave behind a visible residue.

Hair styling products are trending towards products and ingredients inspired by skin care. A natural, nutrient-rich hair gel with hair and scalp health at the forefront of formulation, is ideal. The best hair products deliver effortless style, support healthy full hair, and are gentle on scalp skin...that's the cue for **SupraSet Hair Gel**.

**SupraSet Hair Gel** is a light-weight, nutrient-rich formulation that provides a firm-yet-flexible hold while supporting hair strength and healthy hair growth. Keeps your hair looking and feeling full.

**Get ultra-shiny hair or controlled curls** by applying to damp hair and letting it air dry.

**Get defined hair or fuller curls** by applying to damp hair and blow drying with a diffuser.

**Control and smooth** down any frizz, flyaways, or baby hairs by using gel on dry hair for a smooth finish.

**Create your desired look** of added texture by scrunching or tousling your hair.

**Get a clean-cut look** by combing the gel through towel-dried hair, smoothing the hair against your head, and letting hair air dry.

With **SupraSet Hair Gel**, you can feel confident in your appearance and go about your day knowing your hair is done and looks right.

Firm yet flexible  
hold lasts  
for hours  
on end

## FEATURES AND BENEFITS

- Supports healthy hair growth to help keep hair looking and feeling full.
- Helps strengthen, protect, and repair hair to maintain a healthy appearance.
- Infused with a natural blend of nutrient-rich botanical extracts to nourish hair and keep it looking healthy.
- Closes the cuticle to deliver a shiny and polished, soft, finishing touch.
- Fresh, clean scent inspired by water lily and jasmine.
- Works on wet or dry hair.
- No crunchy, sticky build up. No flaky, visible residue.
- Superb control, body, bounce, strength and shine.
- Dries quickly without any clumps while adding just the right amount of texture.

## DIRECTIONS

Apply to damp hair and let air dry or blow dry for desired style and finish. Apply to dry hair for smoothing and styling.

## WARNING

Avoid contact with eyes. For external use only.
