

TS-X™

Advanced Telomere Age-Reversal Support Supplement

Sisel has the answer to reversing the aging clock with Telomere Support Xtreme—also known as **TS-X**. This is a phenomenal break-through in science and nutritional technology. **TS-X** has the ability to assist in lengthening the telomeres in your body so you can practically turn back the clock.

At the ends of the chromosomes are stretches of DNA called telomeres. A telomere is a repeating DNA sequence that sits like a “beanie cap” or “small sock” at the end of each chromosome. Telomeres protect our genetic data and make it possible for cells to divide. Telomeres regulate the duplication of our cells.

Our bodies manufacture an enzyme that keeps telomeres strong. But as we age, our enzyme production diminishes, resulting in the telomeres growing shorter. As they shorten, it’s like a clock counting down in our bodies: shorter telomeres means more fraying on the strands of DNA and chromosomes, and it results in—as scientists speculate—aging. (1)

The one, two punch of TS-X comes in the form of astragalus and bacopa extracts.

Astragalus is a very powerful Chinese adaptogen and anti-oxidant. Adaptogens allow your body to adapt to mental, physical and emotional stress. Astragalus helps to lengthen the telomeres and protects them from dangerous free radicals. Sisel uses superior extracts of the astragalus that includes astragalosides and cycloastragenol all of which have potent anti-inflammatory and anti-bacterial properties. Early research also suggests that astragalus may be effective for type 2 diabetes, maintaining a healthy heart, decreasing the symptoms of seasonal allergies, overall protective health of our cells and helping people with their energy and athletic performance. (2)

The second robust ingredient in **TS-X** is bacopa monnieri. This fabulous herb from India has wonderful antioxidant properties and has been used in Ayurvedic medicine for years. Bacopa has been touted as a brain tonic that supports memory development, learning, focus and concentration. (3)

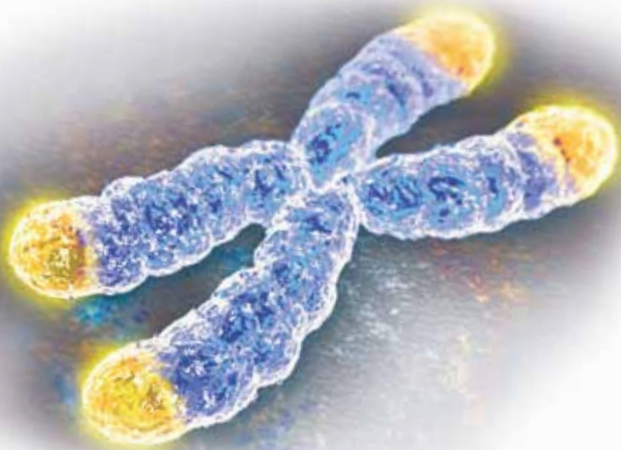

TS-X also packs powerful anti-oxidants in the form of multiple high grade pigmented fruit and veggie extracts along with turmeric and its main component curcumin. Curcumin is a tremendously potent anti-oxidant and anti-inflammatory.(4)

“I have been taking the TSX since Feb. 2012. Every year I do a health fair and I compare my results from 2011 to this year’s results. My hearing and eyesight have improved and my normal hair color is coming back. I feel great and love avoiding the effects of aging.”

M Stafford

TS-X™ supports your telomere health and has the power to make you feel younger!

TS-X™

Advanced Telomere Age-Reversal Support Dietary Supplement

30 CAPSULES

FEATURES AND BENEFITS

- Supports healthy functions of telomeres, which protect the ends of chromosomes
- Supports healthy cognitive functions and brain health
- Promotes healthy function of DNA replication
- Supports cellular health
- Promotes healthy structure and function of organs
- Enhances efforts to fight aging
- May help you feel incredibly younger

DIRECTIONS

Age Range	25 – 50 years:	1-2 capsules/day
	60 – 70 years	2-3 capsules/day
	70+ years:	3-4 capsules/day

CAUTION

If you are pregnant nursing, taking prescription medication, or have a pre-existing medical condition, consult your healthcare provider before taking this product. Do not use if tamper evident ring or seal is broken or missing. Keep out of the reach of children.
